PLATT MEMORIAL HALL

WI-FI & INTERNET POLICY

1. This policy provides a guide to the acceptable use of Platt Memorials Hall's wi-fi network facility and internet access.
2. Platt Memorial Hall has access to the internet via a Wi-Fi network and will provide password protected access to the service to users of the hall without charge. It will not attempt to restrict access to the internet or filter any internet content accessed by users.
3. Platt Memorial Hall will not provide any technical support for this system nor guarantee availability, speed of service or a continuous connection.
4. The provision of an operational wi-fi connection to the internet service itself cannot be a condition of hire and may not therefore be specified or requested in the Hiring Agreement by hirers.
5. Although the Hire Agreement does not include the use of the internet connection, the following will be made clear to hirers in the Standard Conditions of Hire:
    - Access to the internet via the hall's wi-fi service is provided free of charge to the hirer.
    - Hirers must not use the internet facilities for:
        - Unlawful or illegal activity or Commercial purposes, unless authorised by the Platt Memorial Hall Committee in writing.
        - Uploading computer viruses, carrying out hacking, uploading/downloading defamatory, offensive, or illegal material.
        - Breaching confidentiality or intellectual property rights.
        - Interrupting the provision of service to other hall internet users.
    - Platt Memorial Hall does not provide any technical support for the system.
